

Kazan Federal
UNIVERSITY

Action Plan

For academic collaboration between Ferdowsi University of Mashhad and Kazan Federal University

Ferdowsi University of Mashhad (FUM), Iran and Kazan Federal University (KFU), Russia have shown their interest to take proper actions toward a fruitful academic collaboration following up the MOU between the two institutions:

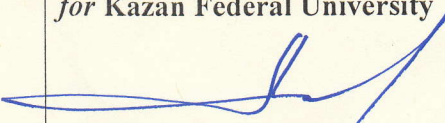

Action plan I: Defining the Fields of Collaboration

- 1- Geology and Petrochemical technologies (Exploration of oil deposits, Catalysts, New Sources of Energy, etc.)
- 2- Physics (Quantum Physics, Astronomy and Astrophysics, Advanced Material, etc.)
- 3- Chemistry (Catalysts, Polymers, Chemo informatics and etc.)
- 4- Biology (Microbiology, Bio information, Bio systems, Biodiversity, Genetics etc.)
- 5- Engineering (Robotics, Civil Eng., Bio Eng. etc.)
- 6- Humanities (Philology, History, Psychology, Comparative Religious Studies)

Action plan II: Implementation

Both universities agree to nominate the working committees on each of the above subjects over one month from the date of signing this action plan. Each committee will decide on the field and number of specific research projects, their duration, contacts of professors and students, funding, etc.

Annexes on specific fields of academic collaboration will be added accordingly.
